TUESDAY						
MONDAY						
TIME						

All activities and events are subject to change, you can view the latest schedule on the App.

Hello!

Welcome to Tattershall Lakes...

We're delighted to welcome you and your family to our Tots & SEN Friendly Break. This year, we've made a conscious effort to make these breaks even more inclusive for all families, including those with neurodivergent children, while creating our most fun-filled program yet - for everyone to enjoy!

This guide uses a simple "know before you go" icon system to help you make informed choices about our venues and experiences. We know every family is different, so if you would like to make our team aware of any specific needs, you can contact us at contactcentre@awayresorts.co.uk. We'll always do our best to support any reasonable adjustments during your stay, and get back to you as soon as we can.

The Merlin Complex, where nearly all the fun takes place, is usually accessed through the arcade. We understand this may feel overstimulating for some guests, so an alternative entrance is available via Guest Services during the day (on request), with an exit available through the Big Top during the early evening, (again, on request). Outside of these times, please contact on park Security for alternative access support.

For information about the park, including facility opening times and booking procedures for dining and swimming, please refer to your full welcome pack. For any other queries relating to your accommodation, holiday home ownership, or anything else, just ask a friendly face, our Holiday Heroes are always happy to help!

Guest Services is open 9am - 7pm Monday, and 9am - 6pm Tuesday - Thursday during your stay. Outside of these hours, our fab Security team is always available on the phone if you need any assistance.

We hope you have a wonderful stay, and thank you for choosing Away Resorts!

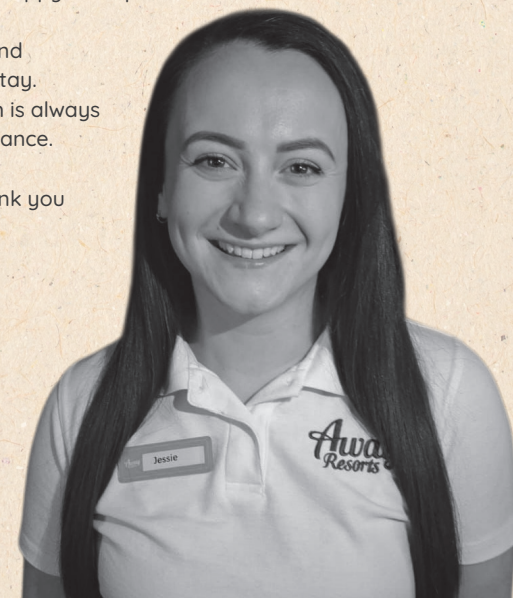

Jessie xx

SENNIES

Special Educational Needs Childcare Agency

We are constantly working to deliver truly inclusive events and experiences to our guests. Our work with SENNIES is the latest investment in our programme, and strengthens our approach to supporting neurodivergent guests and their families. All Experience delivery teams have undertaken training to give them greater confidence and practical tools, and the ongoing consultancy is helping us work towards our 'Discover Different' mission statement, improving experiences across all of our resorts.

We want every guest to feel welcome, comfortable and able to enjoy their holiday in a way that works for them, and this partnership has allowed us to develop the framework to offer reasonable adjustment to our product offering in a way that is sustainable, and easy to access. SENNIES is a leading Special Educational Needs (SEN) childcare, training and consultancy agency, supporting neurodivergent children, families and organisations across the UK.

As a one-stop solution for SEN support, SENNIES provides highly trained childcare professionals, delivers practical, real-world training programs, and works in partnership with organizations to create more inclusive, accessible and supportive environments.

These breaks are the first in a series of product collaboration, that will extend beyond Tattershall Lakes to other Away Resorts parks. Through our work together, all Experience-led programmes on our parks will have a small number of SENNIES reviewed activities and events, that we hope to grow as we move forward.

For more information on the programme, or any of the offering on any of our parks, or to find where could work for you, please email contactcentre@awayresorts.co.uk

Know before you go...

To help you decide if an activity is right for you and your family, we've used simple symbols to highlight key features of each activity and venue, so you can make an informed choice before attending.

Our Venues

Most of our entertainment takes place in the Big Top, specially themed for families to enjoy this break together. Whilst some music is amplified in this area, we do have a quieter zone with come and go sensory activities available all day in this space.

Some experiences may take place in other venues around the park, each with their own considerations, so please check the venue details before attending. Please remember to carry your guest pass with you when visiting our central facilities.

The Big Top 🎪 - 🔊 🎯 🚫 🕒 ♿
